MAHMOOD CHALAMANDA

Junior Software Developer | Frontend & Backend Development

Randburg, Johannesburg • 071 739 1126 • mahmoodhc11@gmail.com

github.com/Moodyscode • linkedin.com/in/mahmood-chalamanda/

PROFESSIONAL SUMMARY

Junior software developer with practical experience in frontend development, database design and collaborative software projects. Currently completing a workplace placement at Gimsoi (Pty) Ltd, contributing to an AI-powered project-tracking platform and leading frontend team coordination. HyperionDev Software Engineering Bootcamp graduate with a 96% average and Top 10 cohort ranking. Skilled in Python, Django, JavaScript, SQL, HTML, CSS and Git; developing hands-on experience with React, PostgreSQL and Prisma.

TECHNICAL SKILLS

Languages: Python, JavaScript, C#, SQL, HTML5, CSS3

Frameworks & tools: Django, React (project experience), Bootstrap, Node.js/npm, Git, GitHub, Docker, VS Code, Figma

Databases & backend: PostgreSQL, Prisma ORM, SQLite, SQL Server, REST API concepts

Other: Responsive UI development, wireframing, debugging, object-oriented programming, Agile teamwork, AI fundamentals

PROFESSIONAL EXPERIENCE

Gimsoi (Pty) Ltd — Software Development Workplace Placement | 01 Sep 2026 – Present

- Serve as frontend team lead on a collaborative AI-powered project tracker, coordinating sprint tasks, team communication and integration planning.
- Contribute to React-based frontend work, including risk visibility features, priority indicators, reusable UI components and risk filtering.
- Support backend database setup using PostgreSQL and Prisma 7, including data models, relationships, constraints, migrations and seed-data preparation.
- Create Figma wireframes for dashboards and an Intelligence Engine interface featuring AI-assisted decision support, priority cards and recommended actions.
- Work with Git/GitHub repositories, branching and local development setup; participate in Agile sprint planning and technical collaboration.
- Complete technical learning in Python, AI fundamentals, data science, IoT and cybersecurity through IBM/Cisco training.

Dynamic DNA Training Institute — Systems Development Learnership (NQF Level 4) | May 2026 – 28 Aug 2026

- Completed practical training in C#, object-oriented programming, HTML/CSS, SQL fundamentals, systems analysis and computer networking.
- Practised debugging, requirements analysis, software development principles and team-based problem-solving. **Self-employed — Online Clothing Store** | Feb 2025 – Jan 2026
- Managed daily operations, inventory, sales and customer communication; developed organisational

and problem-solving skills.

SELECTED PROJECTS

Personal Developer Portfolio | HTML, CSS, JavaScript
Designed a responsive personal website to showcase projects, technical skills and professional experience, with navigation, contact links and downloadable CV.

Django Blog & Polls Application | Python, Django, Bootstrap, Docker

Developed a blog with user authentication, polls and results views. Code:

github.com/Moodyscode/DjangoProject

Django To-Do Application | Python, Django

Built a task management application with authentication and create, update and delete functionality. Code: github.com/Moodyscode/myDjangoToDo

Inventory Management System | Python

Implemented stock tracking, restocking, item lookup and inventory valuation with file handling and input validation.

EDUCATION & PROFESSIONAL DEVELOPMENT

HyperionDev — Software Engineering Bootcamp | Mar–Jul 2024 | 96% average; Top 10 in

cohort Dynamic DNA — Systems Development Learnership, NQF Level 4 | May–Aug 2026

FNB App Academy — App Development Training | 2025

Udemy — Web Development Coursework | 2025

Northcliff High School — National Senior Certificate | 2020

ADDITIONAL TRAINING

IBM/Cisco coursework: Introduction to Modern AI; Python Essentials; Data Science with Python; AI Fundamentals; Introduction to IoT & Digital Transformation; Industrial Cybersecurity Essentials; Security & Defense Analyst.

PROFESSIONAL STRENGTHS

Team leadership • Communication • Collaboration • Analytical thinking • Adaptability • Accountability • Continuous learning
